

A FEW WORDS ABOUT US

Spool Square is a company that manufactures spools made of cardboard. Due to the nature of our business, our primary goal is to provide customers with products of the highest quality while ensuring the lowest possible impact on the environment.

Our offer includes a wide range of products, from haberdashery spools to highly specialised products for fibre optics and 3D printing.

Our location is Lodz, located in the heart of Poland and Europe, multicultural, creative, academic city, with bold projects, with prospects for the future, where it is worth investing and taking up original challenges.
